

Cleaning Best Practices

EVERY DAY

7000

! IMPORTANT

Always use a clean cloth and approved sanitizer solution when cleaning your dispenser.

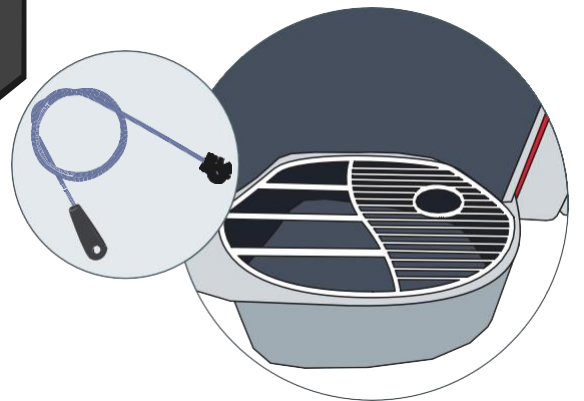

Small Part #
Kay-5 Sanitizer#522231

Remove **nozzle and clean**. Soak nozzle in sanitizer solution for no more than 5 minutes. **Scrub injector ring** with sanitizer and brush, then repeat. Allow to air dry for 2 minutes.

Wipe **exterior surfaces** including **backsplash and cuprest**.

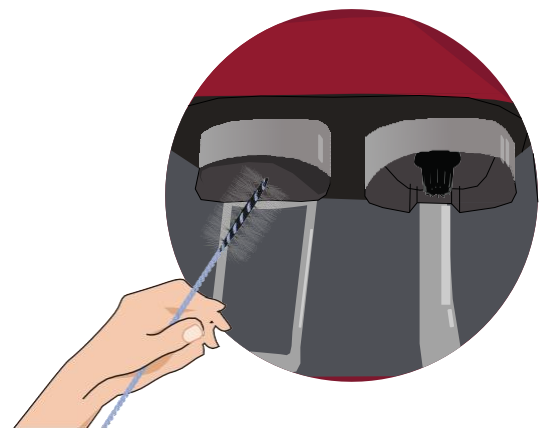

Use **drain brush with sanitizer** to clear any drain clogs.

EVERY WEEK

Clean **manual ice fill lid**.

Clean **inside the ice chute** with brush and sanitizer solution.

EVERY MONTH

Power off dispenser. Remove ice bin lid and thoroughly clean then sanitize **the ice bin**.
